

CONTENTS - VOLUME XV, 1989

No. 1

Comparison of the <i>in vitro</i> and <i>in vivo</i> antibacterial activities of cefepime (BMV-28142) with ceftazidime, cefuzonam, cefotaxime and cefmenoxime MASUYOSHI S., HIRAKA M., INOUE M., TOMATSU K., HIRANO M., MITSUHASHI S.	1
Rufloxacin (MF-934): <i>In vitro</i> and <i>in vivo</i> antibacterial activity RAVIZZOLA G., PINSI G., PIRALI F., COLOMBRITA D., FORESTI I., PERONI L., TURANO A.	11
Clinical evaluation of imipenem/cilastatin in the therapy of severe infections in high-risk patients CRISTIANO P.	17
Teicoplanin: Part 1. An evaluation of the concentrations seen in serum and the subcutaneous fat of the relatively ischaemic lower limb following a single intravenous bolus ANTRUM R.M., BIBBY S.R., RAMSDEN C.H., KESTER R.C.	21
Teicoplanin: Part 2. Evaluation of its use in the biliary system ANTRUM R.M., BIBBY S.R., RAMSDEN C.H., KESTER R.C.	25
Therapy of serious Gram-positive infections with teicoplanin DAVIES A.J., STONE J.M., SYNOTT M.	29
Clinical trial of norfloxacin in the treatment of uncomplicated gonococcal urethritis: Preliminary report CRISTIANO P.	33
Pharmacodynamic profile of fenoverine, a novel modulator of smooth muscle motility DE SANTIS D., MARRAZZO R., LOSASSO C., LOFFREDA A., DE PAOLA C., DE NOVELLIS V., MOLINARIO L., SCHIARITI F., MARMO E.	37
Rhythm of carnitine levels in serum and urine of normal subjects REBUZZI A.G., SCHIAVONI G., LANZA G.A., AMICO C., NATALE A., LUCENTE M., MANZOLI U.	43
Evaluation of the analgesic activity and tolerability of aceclofenac in the treatment of post-episiotomy pain MOVILIA P.G.	47

No. 2

<i>In vivo</i> activity of ciprofloxacin, ofloxacin, norfloxacin and pipemidic acid against <i>Escherichia coli</i> infections in mice OBANA Y., NISHINO T.	53
Comparative <i>in vitro</i> activity of ciprofloxacin and other unrelated antimicrobials against bacterial respiratory tract pathogens FELMINGHAM D., ROBBINS M.J., BASKERVILLE A.J., SANGHRAJKA M.D., RIDGWAY G.L., GRÜNEBERG R.N.	59
Phagocytosis and killing of A-protein positive <i>Staphylococcus aureus</i> in the presence of low doses of antibiotics MASCELLINO M.T., DE VITO M.L., MACLEAN FEENEY E., IEGRI F., CATANIA S.	63
Cefroxadine in the treatment of children affected by respiratory and ENT diseases. A multicentre study involving 1072 in-patients SCAGLIONE F., CATTANEO G., BIANCHI M.M., VERDECCHIA P., MARESCA V., BICHISAO E., FRASCHINI F.	71
Objective assessment of cough suppressants under normal and pathological experimental conditions NOSÁL'OVÁ G., STRAPKOVÁ A., KOPRÁŠ J., CRISCUOLO D.	77

Zinc compounds, a new treatment in peptic ulcer ESCOLAR G., BULBENA O.	83
Influence of cimetidine in low doses (<ED ₅₀) on prostanoid production by human gastric mucosa <i>in vitro</i> ANDREONE P., BARALDINI M., MICALETTI E., CURSARO C., SAGGIORO A., DELLA MONICA A., BORTOLUZZI F., MIGLIO F., GASBARRINI G.	91
Metabolic and clinical effects of ipriflavone in established post-menopausal osteoporosis AGNUSDEI D., ZACCHEI F., BIGAZZI S., CEPOLLARO C., NARDI P., MONTAGNANI M., GENNARI C.	97

No. 3

Dactimicin: A most interesting member of a new class of aminoglycosides BERTELLI A., BERTELLI A.A.E.	105
Susceptibility of clinical isolates to dactimicin and gentamicin BERGAN T.	109
Antimicrobial activity of dactimicin against aerobic and anaerobic bacteria isolated from intra- abdominal infections NORD C.E., KAGER L.	113
Efficacy of dactimicin in the treatment of experimentally induced intra-abdominal infections NORD C.E., LAHNBORG G.	115
Microbiological characterization of dactimicin: Antibacterial activity towards Gram-positive and Gram-negative bacteria STEFANI S., DEBBIA E.A., SCHITO G.C., RUSSO G.	119
<i>In vitro</i> bactericidal activity and post-antibiotic effect of dactimicin, a new aminoglycoside, alone and in combination with other antibiotics DEBBIA E.A., SCHITO G.C., STEFANI S., NICOLETTI G.	125
Stability of dactimicin to aminoglycoside-modifying enzymes produced by 341 bacterial clinical isolates GÓMEZ-LUS R., GÓMEZ-LUS S., GOÑI M.P., RIVERA M.J., MARTÍN C., RUBIO-CALVO M.C. ...	129
<i>In vitro</i> activity of dactimicin and other aminoglycosides against bacteria producing aminoglycoside- modifying enzymes FELMINGHAM D., JONES K.	133
Excretion of aminoglycosides in a rat kidney model VIANO I., SILVESTRO L., GIOVANNINI L., BERTELLI A.A.E., TROMBI L., DIANZANI C., FERRO R.	137

No. 4

The influence of cefepime on opsonophagocytosis of bacteria RAPONI G., KELLER N., ROZENBERG-ARSKA M., HOEPELMAN I.M., VERHOEF J.	141
Characterization of a plasmid coding for resistance to broad-spectrum cephalosporins in <i>Salmo-</i> <i>nella typhimurium</i> GARBARO-CHENON A., VU THIEN H., LABIA R., BEN-YAGHLANE H., GODARD V., DENY P., BRICOUT F., NICOLAS J.C.	145
Beta-lactamase evaluation of the amoxycillin-clavulanate association NOVELLI A., REALI E.F., FALLANI S., PERITI P.	151

Antagonism of aminogluthethimide and adrenocorticotrophic hormone (ACTH) studied on slices of adrenal glands of the guinea-pig BRUNI G., DAL PRA P., SEGRE G.	155
Evidence of drug interaction between cyclosporin A and H ₂ -receptor antagonists (cimetidine, ranitidine and famotidine) in Sprague-Dawley rats FILINGERI V., GIACOMELLI R., FAMULARO G., ROSATI R., NARDI S., CALOGERO A., IACONA A., STORTONI F., CRAMAROSSA L., SACCHETTI S., CERVELLI V., TONIETTI G., CASCIANI C.U.	159
Influence of antacids on the bioavailability of glibenclamide ZUCCARO P., PACIFICI R., PICHINI S., AVICO U., FEDERZONI G., PINI L.A., STERNIERI E.	165
Effect of maprotiline combined with conventional neuroleptics against negative symptoms of chronic schizophrenia YAMAGAMI S., SOEJIMA K.	171
Pharmacokinetics of fosfomycin in normal and burn patients. Effect of probenecid POTEL G., MEIGNIER M., BARON D., REYNAUD A., TOUZE M.D. COURTIEU A.L.	177
The TDx assay for cyclosporine and its metabolites in blood samples compared with HPLC and RIA methods ZUCCELLI G.C., PILO A., CLERICO A., MASINI S., ZOPPI F., BOVATI M.L., SPAGGIARI P., BERTELLI A.	185

No. 5

Nephrotoxicity of dactimicin, a novel pseudo-disaccharide aminoglycoside possessing the <i>N</i> -formimidoyl group, compared with that of astromicin, amikacin and other aminoglycoside antibiotics in animals INOUE S., NIIZATO T., SHOMURA T., KITASATO I.	189
Influence of antibiotics on motility and adherence of human neutrophils studied <i>in vitro</i> VAN DER AUWERA P., HUSSON M.	211
Photosensitized haemolysis of human erythrocytes is reduced by bendazac CIANCARELLI-TOZZI M.G., SILVESTRINI B., FINAZZI-AGRO A.	219
Changes in lymphocyte beta-adrenoceptor density after dilevalol oral treatment SBIRRAZZUOLI V., DRICI M., GARRAFFO R., CANDITO M., GIBELIN P., MORAND PH., LAPALUS PH.	223
Clinical investigation of the effect of ketanserin: A new antihypertensive drug COTO V., OLIVIERO U., COCOZZA M., LUCARIELLO A., PICANO T., COTO F., CACCIATORE L.	231
Validity of high-dose ranitidine treatment (300 mg b.i.d.) in clinical practice: An open study in 68 consecutive cases of severe peptic disease GHIDINI O., ADAMO S.	235

Nos. 6/7

Reduction of dibekacin-induced nephrotoxicity in the rat by the formation of <i>N</i> -alkylsulfonate derivatives KITASATO I., NIIZATO T., WATANABE T., INOUE S.	239
Effect of glucarolactam on low-dose nephrotoxicities of dibekacin and gentamicin in Fischer rats KITASATO I., NIIZATO T., INOUE S.	249
Effect of glucarolactam on ototoxicity of aminoglycoside antibiotics in guinea-pigs YOKOTA M., NIIZATO T., INOUE S., KITASATO I.	261

Comparative nephrotoxicity of ribostamycin and gentamicin in rats evaluated by urinalysis KITASATO I., NIIZATO T., INOUE S.	273
Therapeutic effect of aspoxicillin on experimental pneumonia with <i>Klebsiella pneumoniae</i> in mice YAMAGUCHI T., ISHII N., TANI K., MATSUSHITA T., MATSUMOTO K.	291
An experimental meningitis with <i>Streptococcus pneumoniae</i> in rats: Therapeutic effect of aspoxicillin and its penetration into CSF YAMAGUCHI T., KASUGA O., OKUNO S., MAEZAWA I.	297
<i>In vitro</i> activity of netilmicin alone and in combination with azlocillin, mezlocillin and imipenem against 149 coagulase-negative staphylococci PICCOLOMINI R., CELLINI L., ALLOCATI N., DI GIROLAMO A., D'ELETTO M.R., D'ANTONIO D., RAVAGNAN G.	303
Efficacy and safety of cefotetan in the treatment of complicated urinary tract infections: Clinical experience in a selective and single study GESUALDO L., QUARTO M., VIGGIANI N., GERMINARIO C., BARBUTI S., SCHENA F.P.	309
Cefotetan versus piperacillin in the prophylaxis of abdominal and vaginal hysterectomy: A prospective randomized study REGALLO M., SCALAMBRINO S., NEGRI L., LANDONI F., MANGIONI C.	315
Influence of CDP-choline administration on the aortic wall lesions in dietically hypercholesterolaemic rabbits: A morphometric evaluation WEBER G., AUTERI A., BIANCIARDI G., FABRINI P., RESI L., SALVI M., TOTI P., TANGANELLI P.	321
A cross-over controlled study on beclobrate versus bezafibrate in the treatment of type IIb hyperlipoproteinaemia AVOGARO P., BITTOLO BON G., CAZZOLATO G., SOLDAN S., BUFALINO L.	325

No. 8

<i>In vivo</i> activity and metabolic fate of 2-(2,3,3-triiodoallyl)tetrazole (ME1401), a novel antifungal agent FUKUYASU H., ORIKASA Y., KAI F., INOUE S., KITASATO I., YAMAGUCHI H.	335
Antibacterial activity of norfloxacin against 1700 relatively resistant clinical isolates QADRI S.M., HUSSAIN, LEE G., BRODIE L.	349
An assay for the detection of interleukin-1 synthesis inhibitors: Effects of antirheumatic drugs RORDORF-ADAM C., LAZDINS J., WOODS-COOK K., ALTERI E., HENN R., GEIGER T., FEIGE U., TOWBIN H., ERARD F.	355
Octylonium bromide interacts competitively with the PAF receptor BARONE D., MAGGI C.A., BAROLDI P., GIACHETTI A., MELI A.	363
Experimental studies on antirheumatic crude drugs used in Saudi traditional medicine AGEEL A.M., MOSSA J.S., AL-YAHYA M.A., AL-SAID M.S., TARIQ M.	369
Pharmacokinetics, endocrine and antitumour effects of leuprolide depot (TAP-144-SR) in advanced prostatic cancer: A dose-response evaluation MAZZEI T., MINI E., EANDI M., REALI E.F., FIORETTO L., BARTOLETTI R., RIZZO M., CALABRO G., PERITI P.	373

No. 9

Antiresorptive dose-response relationships across three generations of bisphosphonates SIETSEMA W.K., EBETINO F.H., SALVAGNO A.M., BEVAN J.A.	389
Bacteriolytic combination effect of cefminox and piperacillin evaluated by turbidimetry GOI H., INOUE S., KITASATO I.	397
Clindamycin and tetracycline as immunomodulating agents: an <i>in vivo</i> study CORRALES I., SUAREZ A., LIMA A., BALLESTERO S., GÓMEZ-LUS M.L., PRIETO J.	409
Esaprazole, a new antiulcer agent, stimulates gastric mucus output in the rat LUZZANI F., CLAVENNA G., ZUCCARI G.	417
Effect of acetyl-L-carnitine treatment on the density of muscarinic receptors in the brain of methylazoxymethanol-microencephalic rats ALBERTINI P., AMENTA F., BOSSONI G., CAVALLOTTI C., FELICI L., FERRANTE F., GAVIRAGHI G.	421
Effect of acetyl-L-carnitine treatment on brain ribonucleic acid levels in methylazoxymethanol-microencephalic rats ALBERTINI P., AMENTA F., BOSSONI G., BRONZETTI E., CAVALLOTTI C., GAVIRAGHI G.	429
Neurophysiological studies of L-acetylcarnitine administration in man GAMBI D., ONOFRI M., CALVANI M., FARICELLI A., DEL RE M.L., BAZZANO S., CUTARELLA R., FULGENTE T., COLANGELO U.	435
Efficacy and tolerability of combined topical treatment of acne vulgaris with tretinoin and erythromycin in general practice KORTING H.C., BRAUN-FALCO O.	447

No. 10

Antimicrobial activity of dactimicin <i>in vitro</i> compared with that of dibekacin, netilmicin, sisomicin and micronomicin INOUE S., HARA T., MATSUHASHI Y., KITASATO I.	455
Comparative antimicrobial activities of ribostamycin, gentamicin, ampicillin and lincomycin <i>in vitro</i> and <i>in vivo</i> INOUE S., WATANABE T., KITASATO I.	465
Beta-lactamase stability and antibacterial activity of cefpirome alone and in combination with other antibiotics BAKHITAR M., SELWYN S.	477
Susceptibility of <i>Brucella melitensis</i> to fluoroquinolones QADRI S.M., HUSSAIN, AKHTAR M., UENO Y., AL-SIBAI M.B.	483
"Mycelial vaginal test" and <i>Candida</i> susceptibility SIMONETTI G., SIMONETTI N., VILLA A.	487
Comparative effects of three β -lactam antibiotics on anti-PC direct plaque-forming cells CORRALES I., SUAREZ A., SANZ R., MATO R., GÓMEZ-LUS M.L., PRIETO J.	491
Synthesis and antitumour activity of 4-nitroso-4-(2-chloroethyl)semicarbazides GUGOVA R.G., RAIKOV Z.D., ZAKHARIEV S.G., DEMIROV G.D., TODOROV D.K., ILARIONOVA M.V.	497
Evaluation of ventricular function by echocardiography and radionuclide angiography in patients treated with mitoxantrone VILLANI F., GALIMBERTI M., CRIPPA F.	501

The pharmacological profile of CGP 28238, a novel highly potent anti-inflammatory compound WIESENBERG-BOETTCHER I., SCHWEIZER A., GREEN J.R., MUELLER K., MAERKI F., PFEILSCHIFTER J.	501
Pharmacological evaluation of five novel dexamethasone heneicosoic (21) acid derivatives HONG S.U., PARK K.H., CHAE J.S., LEE J.W., KIM C.S., KIM J.K.	511
Substituted 3-phenyl-7H-thiazolo(3,2-b)(1,2,4)triazin-7-ones as antiinflammatory agents with immunomodulating properties BARTLETT R.R., GEBERT U., V. KERÉKJÁRTÓ B., SCHLEYERBACH R., THORWART W., WEITHMANN K.U.	521
Immunological and anti-inflammatory effects of clarithromycin: Inhibition of interleukin 1 production of murine peritoneal macrophages TAKESHITA K., YAMAGISHI I., HARADA M., OTOMO S., NAKAGAWA T., MIZUSHIMA Y.	527
The kinetics of CAZ-5, a novel SHV-related plasmid-mediated β -lactamase with enhanced hydrolytic activity against ceftazidime LABIA R., THABAUT A., MORAND A., TIWARI K., SIROT D., SIROT J.	535
Pharmacokinetics of dactimicin in rats FRASCHINI F., SCAGLIONE F., NEBULONI R., FALCHI M., BALSAMO V., CATTANEO G.	541
Glycogen medium and antitrichomonal drug activity in vaginal liquids SIMONETTI G., SIMONETTI N., D'AURIA F.D.	545
Bioassay for teicoplanin in peritoneal dialysis fluid KENNY M.T., DULWORTH J.K., BRACKMAN M.A.	549
PAF-acether-induced mortality in mice: Protection by benzodiazepines TANNIÈRE-ZELLER M., ROCHETTE L., BRALET J.	553
Percutaneous ibuprofen therapy with Trauma-Dolgit gel: Bioequivalence studies BERNER G., ENGELS B., VÖGTLE-JUNKERT U.	559
Effects of metformin therapy on plasma amino acid pattern in patients with maturity-onset diabetes MARCHETTI P., MASIELLO P., BENZI L., CECCHETTI P., FIERABRACCI V., GIANNARELLI R., GREGORIO F., BRUNETTI P., NAVALES R.	565
Angiotensin converting enzyme inhibition, parasympathetic activity and exercise in essential hypertension FARIELLO R., ALICANDRI C., BONI E., ZANINELLI A., CANTALAMESSA A., CORDA L., MUIESAN G.	571
A double-blind comparative study of ketanserin with atenolol in essential hypertension ANTONICELLI R., ANDREONI A., SACCOMANNO G., GAMBINI C., PACIARONI E.	577
Orally dissolved ketanserin in acute treatment of hypertensive patients: A controlled study DI VEROLI C., PASTORELLI R.	583
Long-term antihypertensive efficacy of ketanserin plus chlorthalidone FASANO M.L., SORO S., FERRARA L.A.	587
ACE inhibitors: Antihypertensive treatment and renal function CAMPANACCI L., BELLINI G., COSENZI A., FRANCA G., PIEMONTESE A.	591
Contents index (1989)	599
Author index (1989)	605
